# Spacing

The diagram illustrates the layout of an emergency alert. It features a dark blue header bar at the top. Below the header, the main content area is white. On the left side of the main content area, there is a dark blue icon of an exclamation mark inside a triangle. To the right of this icon, the text "Emergency alert title" is displayed in a bold, dark blue font. Below the title, there is a paragraph of placeholder text: "Lorem ipsum dolor sit amet, consetetur adipiscing elit, sed do eiusmod tempor incididunt ut labore et dolore magna aliqua. Ut enim ad minim veniam, quis nostrud exercitation ullamco laboris nisi ut aliquip ex ea commodo consequat. Duis aute irure dolor in reprehenderit in voluptate velit esse cillum." On the right side of the main content area, there is a dark blue icon of an 'X' inside a circle. The diagram includes several red dimension lines with labels indicating spacing: "1.5 spacing units (12px)" for the top margin, "1 spacing unit (8px)" for the left margin of the main content area, and "1.5 spacing units (12px)" for the right margin.

## Mobile considerations

The diagram illustrates three variations of an emergency alert layout, focusing on headline length and spacing.

- Top Left Variation:** Shows a single-line headline "Emergency alert title" with a yellow background band. Red lines indicate "2 spacing units (16px)" on either side of the headline.
- Top Right Variation:** Shows a single-line headline "Emergency alert title" with a yellow background band. A red line indicates "2 spacing units (16px)" on the right side of the headline.
- Bottom Variation:** Shows a two-line headline "Emergency alert title and it might run onto two lines" with a yellow background band. Red lines indicate "longer headline wraps like this" and "1.5 spacing units (12px)" on the right side of the headline.

Additional annotations include "color band half-height on mobile" pointing to the yellow band in the top right variation.
