Please keep this letter and the enclosed tax document for your <tax year> tax records.

The Affordable Care Act (ACA) requires the Department of Veterans Affairs (VA) to notify enrolled Veterans of their period of health care coverage during the previous calendar year. The law also requires VA to provide this notification to the Internal Revenue Service (IRS).

Enclosed you will find your IRS 1095-B, which documents your VA health care period of coverage during <tax year>. No additional steps need to be taken with this document. As of 2019, the ACA's individual mandate penalty no longer applies at the federal level, meaning that you will not be penalized for not having health coverage. However, keep this for your records as your local state may still require proof of coverage.
