

The background of the slide is a dark blue, semi-transparent image. It depicts a person's hands, wearing a dark long-sleeved shirt, interacting with numerous yellow sticky notes pinned to a light-colored wall. The sticky notes contain handwritten text in various colors. One prominent note in the upper right corner reads "Who on the team will build feature". Other notes are scattered across the wall, some partially obscured by others, creating a sense of active collaboration and planning.

# **Show me, don't tell me: Sprint 6 Demo**

## **14 December 2021**

# Sprint 6 Approval (1 of 2)

**Sprint Dates:** 12/1/2021-12/14/2021

**Sprint Goal:** The goal of this sprint is to narrow in on final design for the POC. Through rapid test-and-iteration cycles, coupled with collaboration sessions between MO and our VA partners, we'll have a POC that is presentable for VA stakeholders at apartment working group ~~be able to down select from our three designs into 1-2 designs to be tested and refined in following sprint.~~ Develop agenda and ~~evolve~~ presentation for January AWG. **Develop research plan for moderated study in following sprint.** Refine product roadmap to include tactical and lifecycle elements, tollgates, and delivery estimates.

Priority	Epic: User Story	Acceptance Criteria
High	Testing and iterating: Implement VA feedback	<ul style="list-style-type: none"><li>Iterated homepage designs based on feedback from VA PO, VA Design Lead and VA Executive Sponsor</li><li>Documented iteration in Mural</li></ul> <b>Deliverable:</b> Research plan and report <b>Deliverable:</b> Evolved design mural
High	Testing and iterating: Write research plan	<ul style="list-style-type: none"><li>Developed research plan for guerilla user testing, including questions and methods</li><li>Developed research plan for formal testing using VA methods and contract for Sprint 7</li><li>Uploaded research plans to GitHub repo</li></ul> <b>Deliverable:</b> Research plans and report
High	Testing and iterating: Recruit research participants	<ul style="list-style-type: none"><li>Recruited a diverse set of research participants (n=10-50) <i>Gorilla recruiting until VA contract for research executed</i></li><li>Recorded participant demographics in research plan</li></ul> <b>Deliverable:</b> Research plan and report
High	Testing and iterating: Testing	<ul style="list-style-type: none"><li>Tested users according to research plan</li><li>Conducted multiple rounds of user research / testing based on evolved design iterations</li></ul> <b>Deliverable:</b> Research plan and report
High	Testing and iterating: Synthesize research findings	<ul style="list-style-type: none"><li>Shared research findings with VA-PO and VA Design lead at design meetings</li><li>Reported summary of findings in research report in GitHub repo</li></ul> <b>Deliverable:</b> Research plan and report

Updated 12.2.2021 w/ additional VA-PO input
