## Opt-in to Paperless Delivery of 1095-B

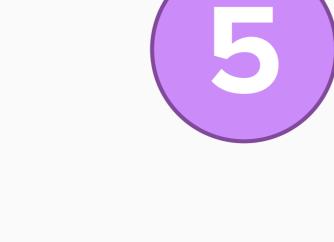

1095-B must be specifically called out in affirmative consent. 

Update enrollment system/printer

ES would need to onboard with VA profile. It would allow them to retrieve a Veteran's permission or Unknowns: How do notified when a permission changes. we ensure that the profile change for They would have to integrate. To push the notification back to them, communicated in the they would need to implement HEC Printer / Mailing receiving push notifications. Not a pathway to prevent huge lift, because template already exists for that. If ES has the stored permissions from the Veteran, they could limit what goes to the printer Build Trigger Who will lead build:
