Subject: RE: [EXTERNAL] Health Hub | 1095-B — Sprint 7 Request for Approval & Acceptance

This is approved but I have questions below.

Munish,

I put next steps in slack for both projects but have a couple questions and comments based on the sprint demo deck.

- 1095B
    - What is the work for wayfinding?
    - Are the meetings setup for Analytics, Security and Staging collab cycle reviews or are these async?
        - Looking at the roadmap, is it standard to have the analytics collab cycle review prior to implementing analytics tags?
            - On slide 18: What was reviewed with the Analytics team and what are next steps? I am not able to click on any of the links in the pdf.
    - Aug 17 is the launch date for 1095B without opt-in.
    - In the next sprint we need to make sure all involved teams are aware of the work required of them for opt-in and notifications, there are no open questions and we know when the work will be completed. For some reason there is a lot of confusion around this work and that needs to be rectified.
    - Everything in the "remaining actions" work needs to be completed by Sept 7. If there are open items, document everything surrounding those items and their next steps.
- Health Hub Research
    - The synthesis changed from one readout to the next so we will need that data to verify in order to compare the unmoderated and moderated studies.
    - There was confusion in the meeting but next steps for Mo are to finalize the plan and guide for the moderated tree tests and conduct the study.

Thank you,
Tracey

Subject: [EXTERNAL] Health Hub | 1095-B — Sprint 7 Request for Approval & Acceptance

Thank you all for joining the Sprint 7 Demo for Health Hub and 1095-B. Please see the attached deliverables and demo deck and respond and confirm acceptance of Sprint 7 once reviewed.

Do let us know if there are questions.

Thank you!!
