MVP:	TBD
Build Planned:	TBD (Future Release)
Epic Link:	MEB - Student Info - Enrollment Verification page
Acceptance Criteria:	Given that the student user is an approved applicant using MyEducationBenefits

When MyEducationBenefits user, accesses Enrollment Verification Page from the main menu and has unverified Enrollments for two consecutive months

Then,

1. Under Enrollments Verifications banner following verbiage should be visible only in case user has two unverified months AND
2. A dialogue box should appear (Refer to the image below) with following

    Sub-Header in Bold: **Your monthly education awards have been paused (Refer to the image below for the appropriate verbiage)**

Additionally a chevron should be visible (can expand and collapse) "Verify your enrollment" within the dialogue box which would allow the user to verify enrollments starting with the oldest month first. |

	2. Under Enrollment Verifications banner with appropriate verbiage mentioned as per AC 1 for unverified months and the dialogue box
	Following header should be visible in bold with monthly verification history starting with the most recent one on the top.
	Your monthly enrollment verifications
	Under the above header following should be displayed
	What if something looks wrong with my enrollment information?
	Showing 1-10 of XX monthly enrollments sorted by most recent
	- Verified months should have a green checkmark in a circle AND the unverified months (2 consecutive in a row) should be depicted with Red Exclamation in a circle (refer below) - Each month to be separated and depicted as its own section with monthly award details - Each month will have a chevron which will be collapsible to allow for verification and to view award details - Each month will display the following
	(Note: Users will have the ability to verify enrollment by expanding the chevron with the oldest month first)
	3. Additionally Future accordion should be displayed to the right "Your Future Awards" (Refer to the mockup link attached)
	- Header: Your future awards (in bold) - Month year with the status as Paused - Housing: $$$ (Dollar amount) - Kicker: $$$ (Dollar amount)
	Logic: Future three months from your last unverified month.

Requirement Status:	UNCOVERED

Description

As a student user of MyEducationBenefits, I need the ability to verify my enrollment in courses or training every month in order to receive monthly education awards/payments. Failure to

verify enrollment for two consecutive months in row will pause (on hold) my monthly education awards

Requirement Status:	UNCOVERED

Description

As a student user of MyEducationBenefits, as part of the enrollment verification process I want the ability to indicate whether my enrollment has changed or is incorrect. If indicated that enrollment has changed or information provided is not accurate, that will pause the monthly awards and SCO will need to be contacted in order to update the required information.

MVP:	TBD
Epic Link:	MEB - Student Info - Enrollment Verification page
Acceptance Criteria:	Given that the student user is an approved applicant using MyEducationBenefits

When MyEducationBenefits user, accesses Enrollment Verification Page from the main menu and has multiple months to verify

Then,

1. When the user navigates to verify your enrollments from the Enrollment Verification Landing Page, user should be directed to the farthest (oldest) month needing verification first

2. Next user can click on verify your enrollment. Once user is directed to farthest (oldest) month, he/she can verify their enrollment by indicating whether provided information is accurate or not

When user navigates to Verify your enrollments page following header should be visible in bold

Verify your enrollments

Under the above header following information should be visible

- If YES is selected (provided information is accurate) user will be directed to the next month needing verification
- If NO is selected (provided information is not accurate) user will be directed to the Review page and will skip remaining months needing verification.
- Once user is on the Review Page following dialogue box should be visible under the Verify your enrollments header |

	- Next underneath the dialogue box monthly enrollment verification history should be visible Additionally under the monthly verification history following dialogue box should be visible to alert the users of next steps/process - Once user has reviewed everything, they can submit verification which will pause monthly awards/payments or choose to finish verification at a later date (Please refer to images and links)

Epic Link:	[MEB - Student Info - Enrollment Verification page](#)

Acceptance Criteria:	Given that the student is an approved user using the MyEducationBenefits
	
	When MyEducationBenefits user clicks on "Enrollment verification" from the main menu and the is an unverified month
	
	Then under header "Enrollment verification" capture the following verbiage (see below)
	
	Next display an alert dialog box with sub-header "You have unverified monthly enrollments" and capture the following verbiage under sub-header (refer to attachment for details)
	
	When a student user clicks on the dynamic link label "Verify your enrollment" within the alert dialog box, the link should always default to the oldest unverified month
	
	1. Next under header "Your monthly enrollment verifications" display a dropdown with label "What if something looks wrong with my enrollment information?"
	    1. Beneath the dropdown label "What if something looks wrong with my enrollment information?"
	    2. Conditionally display verified/unverified months sorting by the most recent month at the top and the oldest month at the bottom
	        1. Design:
	            1. Display format: Showing 1-10 of XX monthly enrollments (allocate top left of display list)
	            2. Sorted by most recent - in bold - (allocate top right of display list)
	    3. When a student user clicks the dynamic link "Verify your enrollment" anywhere on the page, the link should always default to the oldest unverified month
	    4. Within each month display the following information
	        1. Current month and year (in bold)
	        2. An alert with exclamation in a triangle with label "You haven't verified this month"
	        3. A dynamic link with label "Verify your enrollment"
	        4. A dropdown with label "See award details and more information"
	            1. dropdown should display the following menu below (see attachment for details)
